OR... SEARCH "MY SCHOOL MENUS" IN THE APP STORE OR ON GOOGLE PLAY

SFE is excited to introduce the My School Menus™ to your school district. You can find this app by simply going to the iTunes App Store or Google Play. By having this app, we believe it will help you make healthier choices, as you will have access to nutrition information for the school meal programs right at your fingertips. It will also enable you to plan meals in advance, which can assist in counting calories/points. It is important to SFE that you have access to the best nutrition because we care about your health. We are excited about an app that can enable parents, students, and teachers to make healthy food choices 24 hours a day, 7 days a week, 365 days a year!

Parents of the Guthrie School District can access this service by going to either the iTunes App Store or Google Play and downloading the app to their smart device. If you do not have access to a smartphone, you can get the same information by visiting the district website or www.MySchoolMenus.com. If you have trouble downloading this app or have questions regarding the app, contact one of SFE's team members. SFE looks forward to working together to utilize this app as one more tool to provide your students and community with the best nutrition possible.
