GUTHRIE PUBLIC SCHOOLS

October 11, 2021

The Honorable Board of Education
Guthrie Public Schools
Logan County, Oklahoma

Dear Board Members:

I am recommending, for your approval, the Annual Budget for fiscal year 2021-2022 for the Guthrie Public Schools District. The structure of the budget is based on statutory requirements (Title 70 §5-134.1) using the Oklahoma Cost Accounting System (OCAS) function codes. Additionally, the County Excise Board approved the Estimate of Needs for 2021-2022 and Financial Statement for 2020-2021.

The format of the budget is designed to give readers a better understanding of the financial structure and budgeting process of the school district. The funds included for approval are the General, Building and Child Nutrition. Capital Project Funds (Bond) and Debt Service Funds (Sinking) are included as information because the Capital Projects have been approved by Logan County patrons (bond election) and the Debt Service Fund holds the tax collections, which in turn, pay the bond obligations.

The budget is a communication tool and reference document for the school district. Through this presentation, the financial position, the operations and the fiscal management requirements of the District are disclosed.

The preparation of this document would not have been possible without the diligent efforts of all of our central office staff. Your support and dedication as members of the Board of Education in conducting the financial affairs of the District with integrity and responsibility are appreciated. Thank you for all that you do for the students and the staff of the Guthrie Public Schools District.

Respectfully,

Dr. Mike Simpson
Superintendent

BUDGET PHILOSOPHY

A budget is a plan for financial operation made up of proposed expenditures for a given period and the proposed means of financing them. A budget is prepared as a plan to carry the mission of public schools and to ensure that all necessary programs are provided for.

The choice of the appropriate budget method is an important decision. Some budget methods may promote greater board and community understanding of the budget and ultimately, the district's priorities, than others. If the community can see the connection between dollars and educational programs, it is likely that the school board will be more successful in gaining acceptance of the budget from school district patrons. In addition, budget methods which result in better community understanding may result in increased financial support of schools. This will also determine which educational priorities are seen as important to the community.

A benefit of a move toward greater decentralization of financial control may well be that such a move increases the ability of the school principal to effectively direct resources to achieve program goals. Also, budget methods which attempt to direct resources to program needs rather than "across-the-board" approach serve to increase cost effectiveness. One of the drawbacks to decentralization is that curriculum coordination across programs and schools may be difficult. An effective management information system, open lines of communication among staff members, and a concern for equity should alleviate some of these problems, while allowing a school administrator to target resources to students' needs at the same time he or she manages a consistent and coherent educational program.

One of the potential disadvantages of a budget method which does not use an "objective" formula to allocate resources is that politically active groups may be in an advantageous position to lobby for additional funds. When using certain budgeting models that allow for community participation, great care should be taken to effectively guard against undue influence of special interest groups. The degree to which children will receive equal access to educational resources will depend to a large extent on the commitment of school officials to equity and excellence.

THE DISTRICT ENTITY

The district is legally autonomous.

School District - Designation and Independent School Districts. Title 70, § 5-101 and 5-102 (Sections 49 and 50 - School Laws)

All school districts in Oklahoma, now in existence or which may hereafter be created, shall be designated only as independent, elementary or area career tech school districts. Independent school districts, elementary school districts and area career tech school districts shall be under the supervision and the administration of the respective boards of education thereof. All independent school districts in Oklahoma shall be those, which shall have maintained during the previous school year a school offering high school subjects fully accredited by the State Board of Education. The Guthrie Public School District, I001, Logan County, operates as a PK through 12 grade levels, independent school district.

School District - Body Corporate - Powers Title 70 § 5-105. (Section 54)

Every school district shall be a body corporate for public purposes...

Governing Body of School District. Title 70 § 5-106. (Section 55)

The governing body of each school district in Oklahoma...shall...be known as the board of education of such district... Oklahoma laws give the district the power to levy taxes, the ability to sue and be sued, the ability to contract and hold real and personal property. The district is subject to the requirements of the State Board of Education.

District Size and Scope

The District is located in central Oklahoma, Logan County approximately 32 miles north of the city of Oklahoma city and encompasses 225 square miles. The District employs approximately 413 people with a student enrollment count of 3,400.

The District operates:

- 1 High School (9-12) with Alternative School Faver
- 1 Junior High School (7-8)
- 1 Upper Elementary School (5-6)
- 4 Elementary School (PK - 4)
- 1 Bluejay Virtual Academy

SIGNIFICANT LAWS AFFECTING THIS BUDGET

The following is a summary of the significant provisions of the laws of the State of Oklahoma applicable to Oklahoma school district budgets. This budget is adopted in compliance with these legal requirements.

Title 70 § 5-135.2 Oklahoma Cost Accounting System (OCAS)

...For the 1992-93 school year and in each subsequent school year, school districts shall report financial transactions for all funds using the Oklahoma Cost Accounting System. Costs shall be reported by curricular subject area where applicable...the State Department of Education shall reduce the monthly payment of a district's State Aid funds if, at the time of such payment, the district is not operating pursuant to the Oklahoma Cost Accounting System...No later than September 1 each year, every school district shall transmit a copy of the income and expenditures data required pursuant to subsection C of this section to the State Department of Education.

Title 70 § 5-135.4 School District Transparency Act

...The State Department of Education shall make school district expenditure data available on its website.

Title 68 § 3020 Temporary Appropriations (Section 959 - School Laws)

The excise boards...may convene at any time after the beginning of any fiscal year...for the purpose of approving temporary appropriations for the counties, cities, school districts and other municipal subdivisions of the state. Warrants may be drawn against such temporary appropriations pending action by the excise board upon the annual estimate of needs and budget of such...school district, for such fiscal year. Any such temporary appropriations so approved by the excise board...shall, when the annual budget for such...school district...is finally approved, be merged in the annual appropriations.

Title 68 § 3002 Time for Making Estimates (Section 159 - School Laws) (Estimate of Needs and Financial Statement)

...make, in writing, a financial statement showing the true fiscal condition of their respective political subdivision as of the close of the previous fiscal year ended June 30th, and [prior to September 1,] shall make a written itemized statement of estimated needs and probable income from all sources including ad valorem tax for the current fiscal year. Each financial statement and estimates of needs...shall be published [and]...the financial statements and estimates of all school districts shall be filed with the county excise board on or before September 1 of each year...

Carryover (fund balance) Standards

Title 70 § 18-200.1 State Aid - Foundation Aid, Salary Incentive Aid, Transportation Supplement.

...a school district shall have its State Aid reduced by an amount equal to the amount of carryover in the district's general fund as of June 30 of the preceding fiscal year, that is in excess of the following standards:

- Total amount of General Fund collections
- Excluding previous year cash surplus as of June 30

Amount of General Fund Balance Allowable...(see state law for % allowed for your school)

Per HB2332 (2004) the General Fund Carryover penalty will not consider Federal Funds.

Per SB531 (2005) the General Fund Carryover Penalty will not be assessed until it has been exceeded two consecutive years.

Carryover penalty will not be assessed to schools: who are at or above 85% bonding capacity, while carryover penalty moratorium is in place, if carryover penalty is the result of increased

gross production revenue in previous year, or if penalty is a result of increased foundation aid in last two months of school year.

Warrants Issued and Limit of Authority to Issue

Title 62 § 476 and 477 - Amount to be issued -Limit of Authority to Issue - Liability of Officers. (Section 206, 210 - School Laws 70-5-182, 70-5-186)

Warrants...may be issued to the amount of the estimate made and approved by the excise board for the current fiscal year.

It shall be unlawful for any officer (Board of Education members, Treasurer) to issue, approve, sign or attest any warrant...in excess of the estimate of expense made and approved for the current fiscal year...and any such warrant in excess of the estimate made and approved...shall not be a charge against the school district...but may be collected by civil action from any officer...

Further emphasis:

Attorney General Opinion, April 3, 1936, "A school district is not authorized to divert money collected from taxes levied for current expenses to pay existing indebtedness created during a previous fiscal year. Legal warrants for the preceding fiscal year remaining unpaid on account of failure to collect taxes sufficient to retire the same may be paid only under one of the following methods: First, by reducing the warrants to judgment; second, the issuing of funding bonds for their payments."

School District Budget Act*

Title 70 § 5-150-161 - School District Budget Act (Section 111.1- 111.12 School Laws)

Section 5-155 Amended by 1999 Legislative (S.B. 636) to require amendment to original budget after June 30 for end of year data, State Aid allocation, and property valuation.

School districts now have an alternative budget procedure, which has the intent to establish standard and sound fiscal procedures; to make available sufficient information to the public; and to assist school districts in the implementation of Governmental Accounting Standards Board (GASB) standards of financial management.

****This act is an optional budgeting procedure not used by many schools in the state; requires a resolution of the governing board; takes precedence over other state laws applicable to school budgets; must have budget approved by board within 30 day period preceding the fiscal year; outlines budget information required as a part of this act; defines the funds; and stipulates classifications of revenue and expenditures.***

2021-2022 BUDGET TIMETABLE

The budget cycle is a year-round process, beginning with on-going fund balance projections and statutory staffing commitments that are required to be made by the first Monday in June of each year prior to the start of the upcoming fiscal year in July. At any one time the Superintendent is concerned with three fiscal years' budgets; planning for the next fiscal year, administering the current fiscal year, and evaluating the last fiscal year. It is very challenging to manage a public school budget because the major expenditure, salaries and benefits, must, by law, be committed before revenue allocations are known.

The budgeting timetable for this fiscal year is shown below:

June, 2021	Renew Teacher Contracts
June, 2021	Renew Support Personnel Contracts
June, 2021	Approve Temporary Appropriations
July, 2021	Notification of Initial State Aid Allocation
August, 2021	Certify Property Valuations by County Assessor
September, 2021	Board of Education approval of Estimate of Needs
September, 2021	County Excise Board approval of Estimate of Needs
October, 20201	Board of Education Approval of Operating Budget
December, 2021	Notification of Mid-Term Adjustment to State Aid Allocation
If needed.....	Request(s) for Supplemental Appropriations and Amendments to Operating Budget

BUDGET GUIDELINES BY FUND

11 GENERAL FUND (FOR OPERATIONS)

The general fund of any school district is hereby defined as a current expense fund and shall consist of all revenue or monies that can legally be expended within a certain specified fiscal year, but shall not be considered as including any money derived from a special Building Fund levy, nor shall it include any monies derived from the sale of bonds. Expenditures from the General Fund shall be non-capital in nature.

Revenue

When planning a budget, the first step is to project revenue in order to determine the funding level available to finance expenditures. School board policy established a fiscal management priority to maintain a general fund balance of 12% or approximately \$2.45 million. At one time, the General Fund balance was required by law to be no greater than 12%. However due to hardships created by revenue shortfalls at the state level in past years, the legislature, in 2005, increased the allowable fund balance to 14% for schools with General Fund revenue of \$10,000,000.00 and above which includes Guthrie Public Schools. Every effort should be made to limit expenditures in any fiscal year to the amount of revenue collected in that year to prevent any material erosion of the fund balance. In the 2020-2021 fiscal year, district collections surpassed expectations. As a result of additional federal funding through the CARES act and growth in net assessed valuation of property in the district, Guthrie Public School's fund balance continued to grow as evidenced in our 2021-2022 carry over. The current fund balance of \$3,412,142 (11.63%) represents an increase of \$388,593.01 from the end of the 2020-2021 fiscal year (\$3,023,549).

In 2020-2021 local sources of revenue provided 24% of total revenue, county sources 5%, state sources 54%, and federal sources 17%. A comparative revenue report is provided in Appendix C. The state aid formula was revised in 1997. We now receive a preliminary allocation of funds in July, which is subject to change when a final allocation is made in December. As a result, we are approximately six months into the budget year before we have information to accurately determine state aid. Due to this circumstance, a conservative estimate of state aid revenue is required when making initial projections. The District's initial state aid allocation for 2021-2022 is \$813,732.76 more than was actually collected in 2020-2021. The reduction in funding in fiscal year 2021 was due to a 25% student count loss. Textbook aid was also allocated in the amount of \$233,566. We anticipate that one of our sources of state revenue, gross production tax, will continue to increase in growth as the economy is showing an uptick in revenue collections thus far in 2021-2022. Revenue estimates at the state level, which are the basis for our state aid appropriation, are trending towards an expected flat baseline in the WADM factor. With that, mid-year revenue allocations will likely not experience a huge decrease in factors. Additionally, the district was allocated \$2,775,105 for Esser II and \$6,228,653 for Esser III in 2021 in federal Cares Act funds that are reimbursable to the district as expenditures accrue. We will expedite the allowed expenditures for reimbursement in an effort to maintain a balanced budget.

Expenditures

Revenue projections determine the amount of funds available to finance expenditures. Revenue projections are made in the summer after

various allocation notices are received by the district. Guthrie Public Schools continues to operate within the revenue collected.

Every school site has two budgets; an instructional budget and a library budget. The library budget is normally based upon State Department of Education accreditation requirements which have been waived until the state aid funding factor increases to \$3,291.60 per weighted student. The requirements for each site are: 500 or fewer students, \$9 per pupil; 500-999 students, \$4,500 for first 500 students and \$5 per student above 500; and 1000-1999 students, \$7000 for first 1000 students and \$4 per student above 1000.

The procedure for making expenditures involves the use of the encumbrance system. An encumbrance is an obligation to pay in the form of purchase orders, contracts or salary commitments which are chargeable to an appropriation account, and for which a part of the appropriation is reserved. When an encumbrance is paid, it becomes an expenditure. In this manner, financial officers of the school district are able to distinguish the portion of the budget already expended, the portion encumbered and the portion unencumbered. In the 2017-2018 fiscal year personnel adjustments were made to reduce expenditures for salaries, benefits and employer payroll costs. This was accomplished largely through attrition. As a result, a Fixed Cost Analysis is provided annually under Appendix C.

Title 70-5-134.1 of Oklahoma Statute, enacted in 1994 and since repealed, required a budget by the function expenditure classification to be approved by the Board of Education. Guthrie Public Schools has chosen to continue this practice for the purposes of public information and transparency. The function dimension describes the purpose of the expenditure. The primary purpose is, of course, instruction. Other functions include library services, counseling services, transportation, building operation and maintenance, and school district administration. A brief definition of the function expenditure classifications can be found in Appendix A.

21 BUILDING FUND

The Building Fund of any school district shall consist of all monies derived from the proceeds of a Building Fund levy not to exceed five (5) mills in any year, unless elimination of personal taxes is voted by the patrons of a school district and by LEA Board Resolution. The Building Fund may be used for erecting, remodeling, or repairing school buildings, for purchasing furniture, equipment and computer software, for repairing and maintaining computer systems and equipment, for paying energy and utility costs, for purchasing telecommunications utilities and services, for paying fire and casualty insurance premiums, for purchasing security systems, for paying salaries of security personnel, or for one or more, or all, of such purposes. Proceeds of such levies shall not be required to be used during the year for which a levy is made but may accumulate from year to year until adequate for purposes intended. The Building Fund is classified as a current expense fund, but shall not be considered a part of the General Fund. Fiscal year 2020-2021 yielded a fund balance carry over of \$469,425.50. This is a reduction of \$8,732.45 from fiscal year 2019-2020.

22 CHILD NUTRITION PROGRAMS FUND

State, federal and local collections of child nutrition monies may be placed in a governmental budget account that will be administered through the school District Treasurer and appropriated separately from all other funds. The beginning fund balance each year, combined with all revenues including collected and estimated revenues must be appropriated before being expended. It is very important that expenditures be limited to the amount of projected revenue available in the Child Nutrition Fund to minimize the need for the General Fund to subsidize child nutrition operations resulting in a reduction in funding available for instructional purposes.

31 BOND FUND

A Bond Fund accounts for proceeds from the sale of bonds, from which all expenditures for bond projects are paid. By law, Guthrie Public Schools shall expend all of the proceeds of such bond issue for the general purposes set out in the proposition voted upon, and shall expend not less than eighty-five percent of the monies allocated to each specific project, unless such project can be completed for a lesser amount of money. Bond Fund titles should include purpose and fiscal year of authorization.

41 SINKING FUND (DEBT SERVICE FUND)

The Sinking Fund of any district shall consist of all money derived from ad valorem taxes or otherwise as provided by law for the payment of bonds and judgments and interest thereon. Since this fund is for the purpose of debt service only, financial reporting as a part of the operating budget will be minimal. A treasurer's check or EFT is issued for Sinking Fund payments according to a legally authorized amortization schedule until all indebtedness, including interest, is paid.

81 GIFTS AND ENDOWMENT FUND

This is a separately appropriated fund established to account for revenue from a philanthropic foundation, private individual, or private organization for which no repayment or special service to the contributor is expected. In many cases endowment funds allow for income derived from such funds to be expended, but the principal must remain intact.

86 CASUALTY/FLOOD INSURANCE RECOVERY FUND

This fund is established to account for receipt of proceeds from the filing of insurance claims and the subsequent expenditure of funds to replace or repair damaged or stolen property.

MAJOR EXPENDITURES

OKLAHOMA COST ACCOUNTING SYSTEM (OCAS)

Expenditures by Function:

The law requires that the final budget be approved by function codes as defined by the Oklahoma Cost Accounting System (OCAS). The following definitions reflect the categories.

- 1000 INSTRUCTION** Instruction includes the activities dealing directly with the interaction between teachers and students. Teaching may be provided for students in a school classroom, in another location such as a home or hospital, and in other learning situations such as those involving co curricular activities. It may also be provided through some other approved medium such as television, radio, telephone, and correspondence. Included here are the activities of teacher assistants of any type (clerks, graders, teaching machines, etc.), which assist, in the instructional process. The activities of tutors, translators, and interpreters would be recorded here. Also, include department chairpersons who teach for any portion of time. Tuition/transfer fees paid to other LEAs would be included here.
- 2000 SUPPORT SERVICES.** Support services provide administrative, technical (such as guidance and health), and logistical support to facilitate and enhance instruction. These services exist as adjuncts for fulfilling the objectives of instruction, community, services, and enterprise programs, rather than as entities within themselves.
- 2100 SUPPORT SERVICES-STUDENTS. Activities designed to assess and improve the well being of students and to supplement the teaching process.
- 2200 SUPPORT SERVICES- INSTRUCTIONAL STAFF. Activities associated with assisting the instructional staff with the content and process of providing learning experiences for students.
- 2300 SUPPORT SERVICES-GENERAL ADMINISTRATION. Activities involving the establishment and administration of policy in connection with operating the entire school district. Do not include the chief business official here, but in Support Services-Business, function series 2500.
- 2400 SUPPORT SERVICES-SCHOOL ADMINISTRATION. Activities concerned with overall administrative responsibility for a single school or a group of schools.
- 2500 CENTRAL SERVICES-BUSINESS. Activities that support other administrative and instructional functions, fiscal services, human resources, planning and administrative information technology.
- 2600 OPERATION AND MAINTENANCE OF PLANT SERVICES. Activities concerned with keeping the physical plant open, comfortable, and safe for use, and keeping the grounds, buildings, and equipment in an effective working condition and state of repair. Activities which maintain safety in buildings, on the grounds, and in the vicinity of schools are included.
- 2700 STUDENT TRANSPORTATION SERVICES. Activities concerned with the conveyance of students to and from school as provided by state law. Included are trips between home and school and trips to school activities.
- 3000 OPERATION OF NONINSTRUCTION SERVICES.** Activities concerned with providing non-instructional services to students, staff or community.
- 3100 CHILD NUTRITION PROGRAMS OPERATIONS. Activities concerned with providing food to students and staff in a school or LEA. This service area includes the preparation and service of regular and incidental meals including breakfasts, lunches, or supplements in connection with school activities, and the delivery of food.
- 3200 OTHER ENTERPRISE SERVICES OPERATION. Activities that are financed and operated in a manner similar to private business enterprises where the stated intent is that the costs are financed or recovered primarily through user charges. Child nutrition programs should not be charged here, but rather to function series 3100. One example could be the LEA bookstore or items purchased through the activity fund for resale.

3300 COMMUNITY SERVICES OPERATIONS. Activities, which are not directly related to the provision of education to students in the LEA. These include services such as community recreation programs, civic activities, public libraries, programs for custody and care of children, and community welfare activities provided by the LEA for the community as a whole or some segment of the community.

4000 FACILITIES ACQUISITION AND CONSTRUCTION SERVICES Consists of activities involved with the acquisition of land and buildings; remodeling buildings; the construction of buildings and additions to buildings; initial installation or extension of service systems and other built-in equipment; and improvements to sites.

4200 SITE ACQUISITION SERVICES. Activities concerned with the initial acquisition of new sites and improvements thereon.

4300 SITE IMPROVEMENT SERVICES. Activities concerned with improving sites and with maintaining existing site improvements.

4400 ARCHITECTURE AND ENGINEERING SERVICES. The activities of architects and engineers related to acquiring and improving sites and improving buildings. Charges are made to this function only for those preliminary activities which may or may not result in additions to the LEAs property. Otherwise, charge these services to 4200, 4300, 4600 or 4700, as appropriate.

4500 EDUCATIONAL SPECIFICATIONS DEVELOPMENT SERVICES. Activities concerned with preparing and interpreting descriptions of specific space requirements for the various learning experiences of pupils to be accommodated in a building. These specifications are interpreted to the architects and engineers in the early stages of blueprint development.

4600 BUILDING ACQUISITION AND CONSTRUCTION SERVICES. Activities concerned with building acquisition through purchase or construction.

4700 BUILDING IMPROVEMENTS SERVICE. Those activities concerned with building additions and with initial installation or extension of service systems and other built-in equipment.

5000 OTHER OUTLAYS. A number of outlays of governmental funds are not properly classified as expenditures, but still require budgetary or accounting control. These are classified as other outlays. These include debt service payments (principal and interest) and certain transfers of monies from one fund to another. These accounts are not used with the proprietary funds.

7000 OTHER USES. Scholarships, Student Aid, Staff Awards, Workers Comp./Unemployment claims, Tort Liability, Medical care claims, Flexible Benefits, Long-Term disability.

8000 REPAYMENT. Checks/warrants issued to outside agencies for refund of restricted revenue previously received for overpayment, non-qualified expenditures, and other refunds from district funds.

MAJOR EXPENDITURES OKLAHOMA COST ACCOUNTING SYSTEM (OCAS)

Expenditures by Object:

This dimension is used to describe the service or commodity obtained as a result of a specific expenditure. There are nine major object categories, each of which is further subdivided. Following are definitions of the object classes and selected subject categories:

- 100 PERSONNEL SERVICES-SALARIES.** Amounts paid to both permanent and temporary LEA employees, including personnel substituting for those in permanent positions. This includes gross salary for personal services rendered while on the payroll of the LEA.

- 200 PERSONNEL SERVICES- EMPLOYEE BENEFITS.** Amounts paid by the LEA on behalf of employees. These amounts are not included in the gross salary, but are in addition to that amount. Such payments are fringe benefit payments, and while not paid directly to employees, nevertheless are part of the cost of personal service.

- 300 CONTRACTED SERVICES.** Amounts paid for professional and technical services rendered by personnel who are not on the payroll of the LEA, and other services, which LEA may purchase. These are services, which by their nature can be performed only by persons or firms with specialized skills and knowledge. While a product may or may not result from the transaction, the primary reason for the purchase for the purchase is the service provided. Included are the services of architects, engineers, auditors, dentists, medical doctors, lawyers, consultants, teachers, accountants, etc.

- 400 PURCHASED PROPERTY SERVICE.** Service purchased to operate, repair, maintain, and rent property owned or used by the LEA. These services are performed by persons other than LEA employees. While a product may or may not result from the transaction, the primary reason for the purchase is the service provided.

- 500 OTHER PURCHASED SERVICES.** Amounts paid for services rendered by organizations or personnel not on the payroll of the LEA (separate from professional and technical services or property services). While a product may or may not result from the transaction, the primary reason for the purchase is the service provided.

- 600 SUPPLIES.** Amounts paid for material items of an expendable nature that are consumed, worn out, or deteriorated by use; or items that lose their identity through fabrication or incorporation into different or more complex units or substance.

- 700 PROPERTY.** Expenditures for the acquisition of fixed assets or additions to fixed assets. They are expenditures for land or existing buildings; improvements of grounds; construction of buildings; additions to buildings; remodeling of buildings; initial equipment; and replacement of equipment.

- 800 OTHER OBJECTS.** Amounts paid for goods and services not otherwise classified above.

- 900 OTHER USES OF FUNDS.** This series of codes is used to classify transactions, which are not properly recorded as expenditures to the LEA, but require budgetary or accounting control. These include redemption of principal and interest on long-term debt, housing authority obligations and fund transfers.

MAJOR EXPENDITURES OKLAHOMA COST ACCOUNTING SYSTEM (OCAS)

Expenditures by Project:

- 000** **NONCATEGORICAL EXPENDITURES.** Used for expenditures for the LEA has no need or desire to classify as below.

- 001-298** **CATEGORICAL/SPECIAL BUDGET SERIES.** District expenditures that need to be tracked. Project name and number to be assigned by LEA.

- 299** **CATEGORICAL-GIFTS/ENDOWMENTS** (district expenditure).

- 301-399** **STATE PROGRAMS.** Expenditures that require specialized reporting for state categorical funds or competitive grants.

- 401-499** **VOCATIONAL PROGRAMS-MULTISOURCE-DISTRICT, STATE AND/OR FEDERAL.** Expenditures from restricted funds allocated to the comprehensive high school and the area vocational schools from district, state and/or federal sources.

- 501-799** **FEDERAL PROGRAMS.** Expenditures for all federal projects funded through grants or allocations from the federal government either directly or indirectly through the State Department of Education.

- 801-998** **SCHOOL ACTIVITY SUBACCOUNTS (FUND 60 SERIES ONLY).**
District sub account expenditures that need to be tracked within the school activity fund. Name of sub account and code number to be assigned by LEA.
