

Title IA – Improving Academic Achievement of the Disadvantaged

Title I is a federally funded program used to provide supplementary educational service in reading and math to students who are at risk of failing to meet the state testing standards. All Guthrie Public Schools are School-Wide Title I schools.

Title I teachers work very closely with the regular classroom teachers. Conferences between these teachers are held to ensure that the classroom teaching is being assisted and complimented. Student needs are discussed in order to meet the academic goals for each child.

The Title I staff consists of highly qualified certified teachers and reading specialists. Following is a list of staff members:

Carmen Walters, Executive Director of Federal Programs and Elementary Education
Meghan Norton, Administrative Assistant Federal Programs Office

Parent information

Guthrie Public Schools recognizes that parents and caregivers are a child's first, best teacher, and we actively seek to partner with you to help all students succeed at high levels. Please don't hesitate to contact your child's school with questions, suggestions, or concerns about Title I and its programs. On this page you will find links to parent information with websites to help your child with basic literacy and math skills. Feel free to contact us if you need more information.
