

AP Lang--Reflection Letter

Without a doubt, there has never been a school year like the one we are experiencing. Hopefully, there won't ever be another.....BUT, of that we cannot yet be sure. Please take the time to write the reflection letter for your 19/20 school year, and what you hope and look forward to for the 20/21 school year.

Write the letter in block letter style. Start at the top of the page, write the date (return once) then the salutation. Then double space and begin your letter. You do not ever indent. You only **double space between paragraphs**. End it with a closing (or valediction). The letter will be minimum two pages long.

The **first page is about this school year. The second page is what you hope/fear/wonder about for your senior year. This letter is NOT about English class but about the school year in general** (your activities, involvements, friends, teachers, lunch, PH, classes, games, etc.) How did losing nine weeks of school impact you? (not just academically, but as a person too). Keep in mind the entire United States is experiencing this at the same time. (In other words, missing nine weeks of school is the minimum that students are missing.) The second page is about what you hope your senior year holds. How do you think school will be different because of what we have gone through? Will schools change? Etc.

Block letter style example below. Look it up if you need more guidance. (We are not using addresses.)

Date

Dear Mrs. Lucas: (Salutation)

Paragraphs (only double space between all paragraphs. Never indent)

Closing (valuediction)

Your name
